## **WHAT IS DIXIE BIKER MAGAZINE**

DIXIE BIKER Magazine is the ONLY motorcycle lifestyle marketing company in Dixie area that illustrates Local motorcycle runs, motorcycle rallies, and motorcycle events through videos, pictures and written observations.

DIXIE BIKER Magazine spotlights motorcycle runs, motorcycle rallies, motorcycle events, and biker friendly businesses — but mostly DIXIE AREA BIKERS.

DIXIE BIKER Magazine began as a print magazine in 2022 to realistically portray the biker lifestyle to the citizenry of the Dixie area. Our mission is “to communicate what it means to be an Dixie area biker and to illustrate the brotherhood existing between Dixie area bikers.”

Today DIXIE BIKER Magazine is the foremost provider of entertainment news and information to the DIXIE biker community. This is accomplished through magazine publications, event promotions, websites, social media.

DIXIE BIKER Magazine is the place to look for biker friendly businesses, stories, events, and merchandise pertaining to NW Louisiana, SW Arkansas, and NE Texas bikers.

## About A.B.A.T.E. of Louisiana, Inc.

### **What A.B.A.T.E. is & Who We Are:**

We are A.B.A.T.E. of Louisiana, Inc. A.B.A.T.E. is an acronym for American Bikers Active Towards Education.

A.B.A.T.E. of Louisiana, Inc. is the only recognized Motorcycle Rights Organization in the State of Louisiana. We are a non-profit organization dedicated to motorcycle safety, awareness, and realistic motorcycle legislation.

We are members of the Louisiana State CoC (Confederation of Clubs). We are members of the MRF (Motorcycle Riders Foundation) which is a national rights organization and we are affiliated with the AMA (American Motorcycle Association) and NCOM (National Coalition of Motorcyclist). Our affiliations with these organizations are what make us the only state and nationally recognized motorcycle rights organization from the state of Louisiana.

A.B.A.T.E. of Louisiana, Inc. is a 501 (c) (4) nonprofit organization dedicated to the goals of motorcycle safety, awareness and realistic motorcycle legislation. We are not a club. Membership is open to all motorcyclists from all walks of life, riding all types of bikes.

Here, on our web site, you will find information about the chapters around the State of Louisiana, events, news and links of interest to members and the public and much more.

Find out about [membership](#) - and ways you can participate. There are many opportunities available for volunteering participating in community activities.

# BK MC CENLA BURN RUN

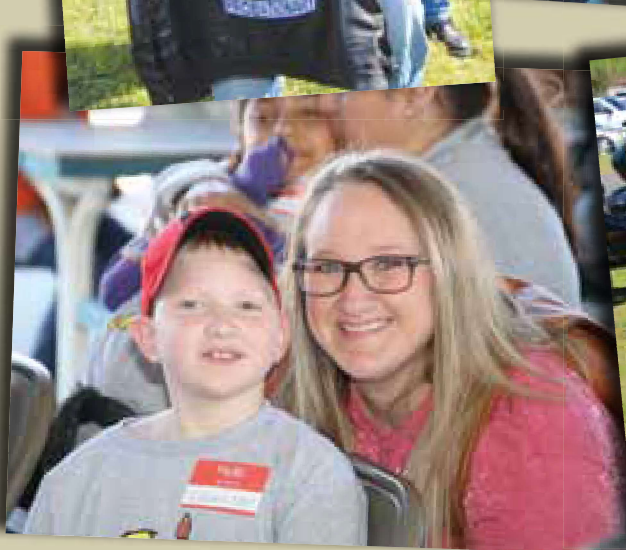

Brothers Keepers MC Pineville #3, Leesville #4 & Natchitoches #17 held their 1st Annual Burn Run together at the American Legion Post 145 in Leesville. They sold crawfish, event shirts & had a beard contest.

# SABINE PARISH SPECIAL OLYMPICS

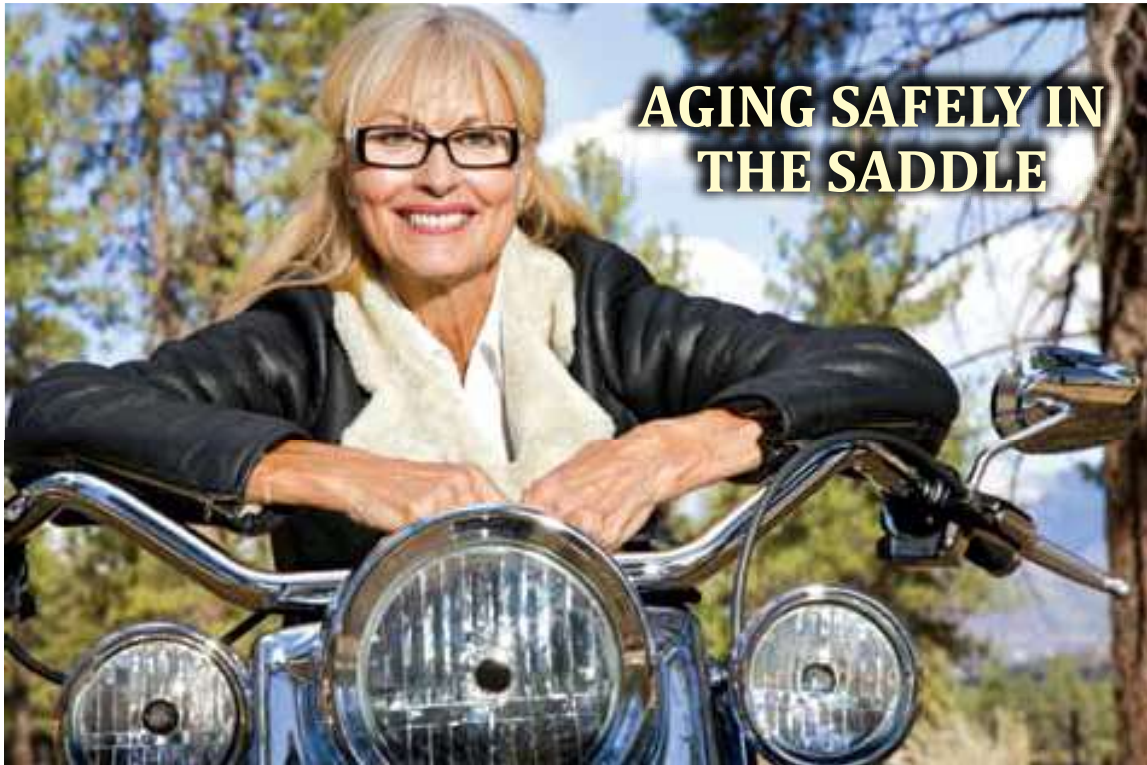

Gray Ghosts Freddie Grappe has for several years led bikes to the Zwolle Fairgrounds and went in circles around the pavilion with all of the athletes, parents, teachers, etc... under it. Because of Covid, it has been 3 years since the last Special Olympics. The kids absolutely love watching the bikes roar up and the bikers always make sure to rev their engines. This year there were 20 bikes, patches and independents were involved. It was a great day for all being able to do this again.

## AGING SAFELY IN THE SADDLE

There are a LOT of things I could share about aging and riding. Yep, I've hit the infamous "over the hill" club. However, there are a few things that JUMP out and make them worth mentioning.

### 1. Ride Smart!

One thing about getting older is we are all supposed to be wiser! We can take a step back and realize that we don't have anything to prove to anyone anymore! We can ask ourselves if that particular ride we are considering is worth the risk/reward level and if we

are willing to push it that far or not.

### 2. Ride more Efficiently & Change our Behavior

We don't have to make every ride a LONG one. We can take our time and enjoy the "moments". We can stop more often. AND we can land at our destination well before sunset! We learn to listen to our bodies and our bikes. We don't have to push either one! We might need to say "No" to a ride if our bodies don't feel up to it. Either cage it with the ice chest (and be super

popular) OR stay at home and do something else that day.

### 3. Stay in Shape & Sharp

This is not only good advice for riding, but, in life in general. Stretching and walking can help keep the weight down and our energy levels up!

Our physical and mental skills diminish as time goes on. So, we need to stay sharp! Practice in a parking lot occasionally. Use pot-holes to practice your emergency swerving skills (those are plentiful!). Without practice, our reaction time is even MORE diminished. Take the time to stay sharp.

Reading about riding techniques never hurt anyone either. Motorcycling is a skill of our eyes and minds, as well as our hands and feet.

Most of us can still do the things we did when we were younger, it just takes longer and more effort now. Take into consideration some of these hints and make your ride a little more fun and **A LOT SAFER!!**

UMF held their annual chili cook-off at the Cub Lounge & Grill in Shreveport. Every year the cook-off benefits Woody's Home for Veterans in Shreveport. Bob won 1st Place, Holly won 2nd Place, ABATE of Louisiana won 3rd Place & Hell On Wheels MC won People's Choice. There were drawings also; I (Snoopy) won the Weber grill.

# TECH TIPS

## HOW TO READ AND CHECK YOUR MOTORCYCLE VIN

The Vehicle Identification Number or VIN of your motorcycle, dirt bike or ATV is not something worth memorizing however knowing where it's etched on your ride is worth the 10 seconds it takes.

The VIN is 17 characters long and is more or less a code to the motorcycle's background. The VIN contains information on the manufacture, model year and where it was built. In many respects, the VIN is the ID for

your motorcycle, dirt bike or ATV. This is also true for cars. All vehicles require a VIN.

The VIN appears on registrations, titles and even insurance cards but if you're like many people those papers are somewhere in some room inside some box in your house. Or is it in the garage? So knowing where it's at on your motorcycle makes it a lot easier and saves a bit of time. When buying parts, using the

VIN is a sure way to find exactly what you need and quite often a sales rep will ask for it.

Additionally, if you are selling or buying a used motorcycle the VIN tells you or a prospective buyer if the bike has been in an accident, rebuilt or even stolen, among other information.

The VIN is one long stretch of letters and numbers but actually divided into three sections - the first three characters, the next six (spots four through nine) and the last eight.

The first three characters make up the World Manufacturer Identifier. The Vehicle Description Section is the next six characters and explains the vehicle attributes from the manufacturer. The Vehicle Identifier Section, the last eight characters, tells you when and where the bike was

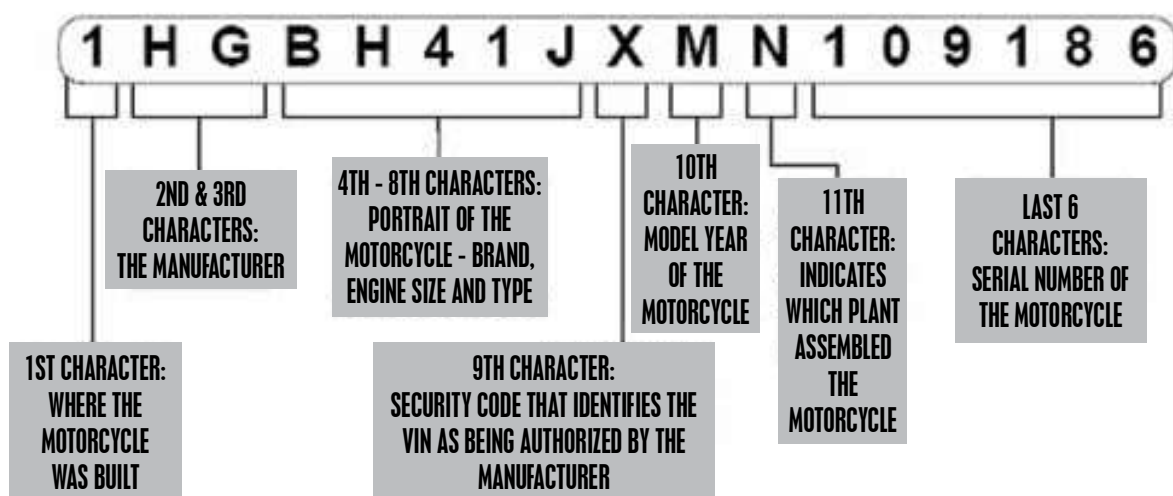

manufactured and the bike's serial number.

The numbers 0 through 9 and letters A to Z are used except for I, O and Q so not to be confused with the numbers 1 and 0. No other characters other than letters and numbers get used and no spaces.

So for example, the first character is the country code. The United States is "1" or "4".

Characters four through nine vary by manufacturer but contain information on engine size, engine type, and even model. The ninth digit is an accuracy check and verifies the previous characters as authorized by the manufacturer.

The 10th digit is a year code, the 11th is a factory code and finally the 12th to 17th digits represent the serial number.

# CONFEDERATES MC LOST BROTHERS RUN

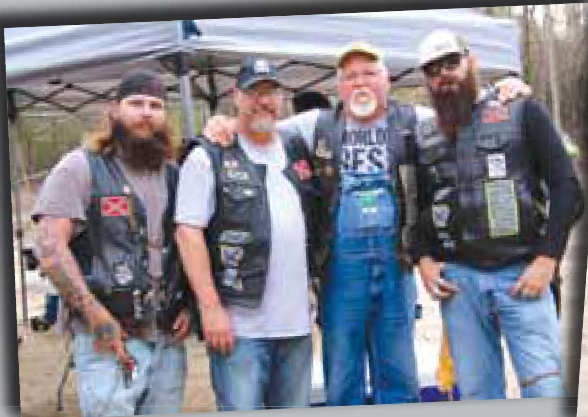

We hold our Lost Brothers Run annually on the first weekend of March. We visit gravesites of Brothers buried in Louisiana and Arkansas. Arkansas stops include Fouke and Macedonia. Louisiana includes Quitman, Castor, Jamestown, Ringgold and Hall Summit. During this time, we keep the memory of all our departed Brothers memories alive, whether or not they have a gravesite.

Keeping alive the memory and contributions to Our Club and the motorcycle community of Our Fallen Brothers: K-Ray, Thro Down, Pevy, Evo, Big Joe, Billy, Hollywood, Snoopy, Bama, Tyrone & L.D.

# HELL ON WHEELS MC BISTINEAU 10TH ANNIVERSARY PARTY

Hell On Wheels MC Bistineau Chapter celebrated their 10th anniversary on March 19, 2022. The Mother Chapter is in North Carolina and started in 2009. Three of the original members of the Bistineau Chapter are still active; one is retired and one started the following year. Bistineau Chapter holds events for the local Gingerbread House at least a couple of times a year through golf & pool tournaments to help abused women and children.

# CVMA LA 6-3 APR & CAR SHOW

March 9, 2020 was the last APR the Combat Vets 6-3 had before this year's event. After two years of not being able to hold the event, it was a great one. The turnout was huge! There were a lot of nice items in the silent auction. There were some amazing cars with a couple of really unique ones. Clay Logan took to the stage and, as always, did a fantastic job! There were two rides, a wet run and a dry run. I passed several of the bikes on the wet run on my way to the event.

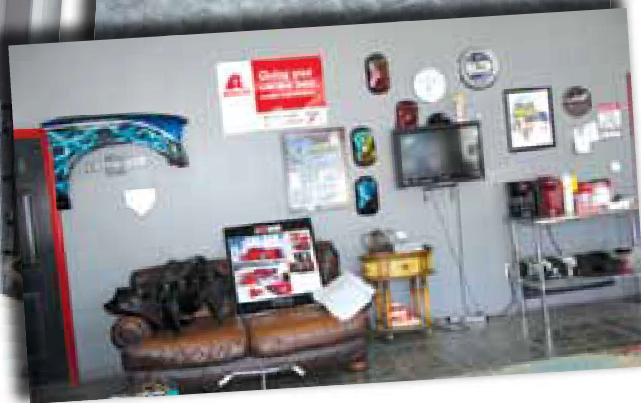

# TEXAS WRECK-A-MENDED

One of the best body & repair shops In Northeast Texas is Texas Wreck-A-Mended. It's located in Longview on the corner of Bill Owens Parkway & West Marshall Avenue. The address is 1109 West Marshall Avenue, Texas. The owners are Bubba & Tonya Watson and very nice people who do the job and do it right. I've seen a lot of the work they've done during the times I've visited, they and their crew do incredible work with amazing paint jobs. Y'all take your automobile or bike down to Texas Wreck-A-Mended and tell them how you heard about them; you'll have great conversation and top quality work!
